Add hover on/off effect  
to Search button.

Could add a 2nd page containing a form  
which this "Report a Bug" button takes users  
to and submit details utilising EmailJS. TBC  
- might do if there is time at end of project.  
Otherwise button will be illustrative and not  
do anything.

Search Results appear  
once user clicks the  
Search button.

Club badges to appear next to the team  
name in the results section.  
Each line acts a link to find out more  
information about each club. Add some hover  
on/off effects to each line.
